Commissioner for Patents

P.O. Box 1450

Alexandria, VA 22313-1450

Sir:

In response to the NOTICE OF ABANDONMENT UNDER 37 C.F.R. §1.53(f)

OR (g) dated June 9, 2004 (the "NOTICE"), Applicants earnestly request that the subject

application be revived because the delay in responding to the Notice to File Missing Parts of

07/27/2004 HAL111 00000025 024377 09911821

01 FC:2453 15.00 DA 650.00 OP

NY02:491331.1

Nonprovisional Application dated August 9, 2001 (the "Notice to File Missing Parts"; Exhibit A) was unintentional.

In fact, prior to the due date for responding to the Notice to File Missing Parts, on September 20, 2001, a Response was filed under Certificate of Mail (the "Response"; Exhibit B). That Response included a paper entitled "Response To Notice To File Missing Parts of an Application Under 37 C.F.R. §1.53(b)," a check for \$65.00, an executed Combined Declaration and Power of Attorney, a copy of the Notice to File Missing Parts, and a return receipt postcard.

A copy of the return receipt postcard date stamped by the United States Patent and Trademark Office on September 24, 2001 (also before the due date of the Notice to File Missing Parts) is attached as Exhibit C, showing that the Response was in fact received.

Upon receiving the NOTICE dated June 9, 2004, indicating that the above-identified application was abandoned for failure to respond to the Notice of Missing Parts, Attorneys for Applicants carefully reviewed the file. It should be noted that both attorneys named on the Response, Alicia Russo and Henry Tang, are no longer employed by the firm of Baker Botts, Attorneys for Applicants.

Upon review of the file, it was discovered that the Notice to File Missing Parts included a statement indicating that the application was not in compliance with the Sequence Rules which apparently was overlooked by the persons charged with preparing the Response. That this requirement was inadvertently overlooked is indicated by, first, a letter reporting the filing of the Response to Applicants (Exhibit D) and, second, by a letter reminding Applicants of the deadline of July 24, 2002 for filing a PCT application based on the instant application

(Exhibit E). Exhibit D indicates that Attorneys for Applicants believed that they had provided an impliedly complete response to the Notice to File Missing Parts. Exhibit E (dated June 25, 2002) indicates that Attorneys for Applicants regarded the application as pending, rather than having lapsed when the final deadline for filing a complete response expired on February 9, 2002.

For all the foregoing reasons, Attorneys for Applicants believe that the entire delay in responding to the Notice to File Missing Parts was UNINTENTIONAL, as the deficiencies in the Response were apparently only appreciated when Attorneys for Applicants received the NOTICE mailed June 9, 2004.

A Sequence Listing and Amendment, which completes the Response required by the Notice to File Missing Parts, is submitted herewith, together with the petition fee set forth in 37 C.F.R. §1.137(d).

Because the entire delay in response to the Notice to File Missing Parts was unintentional, and this Petition is accompanied by the required response as well as the required fee, it is earnestly requested that the above-identified patent application be revived.

Respectfully submitted
